1. Find geographic coordinates and add to file:

1. Find and open the file **liverpool_WWII_bombs.CSV**. It should open in Excel.
2. Note the Custom House line has no geographic coordinates – let's add them.
3. Open **Historic Roam**.
4. **Search for Albert Dock**. Select Albert Dock (Liverpool) from the map.
5. Select 1920s from the timeline and zoom in on the Custom House – see map image above.
6. Select **Map Information** from the side panel.
7. Let's find the building's coordinates: switch on the **Coordinate Capture** button and select the custom House on the map. The coordinates are captured in the side panel – see image above.
8. Enter the BNG coordinates (left is Easting, right is Northing) on your **liverpool_WWII_bombs.CSV** file, in the Custom House line.
9. Save and close the CSV file.

2. Import and display your file:

1. Go back to Historic Roam. Let's import our file.
2. Select **Drawing tools > Import**.
3. Select **Choose file**.
4. Select the Liverpool file.
5. Select **Import**.
6. Set X as Easting and Y as Northing.
7. Select **OK**.
8. On the timeline, display a map from 1950s.
9. Zoom in and view the map around some of the markers.
