Your tasks:

- 1. Select an area of interest. We've chosen Hackney.
- 2. Open Overlays from the sidebar.
- 3. Select a household variable of interest to view, e.g. Households that are privately rented.
- 4. Select any area on the map that's of interest, to view its details in the Overlays sidebar see image above, where Hackney Downs is outlined in red.
- 5. Change the transparency of the variable, using the slider bar under the variable name.
- 6. Download the details of the census area using the Download button, found under the area details.
